MANY EDUCATIONAL MATTERS ARE UNDER DISCUSSION AT CONGRESS OF MOTHERS

The First District meeting of the Congress of Mothers and Parent-Teacher associations, comprising all the associations in the country, was held in the Methodist Episcopal church at Long Beach. As usual, Glendale was well represented, seven of the delegates being from the Broadway school, and took an active part. Mrs. P. S. McNutt of Glendale held a very interesting and instructive drill in parliamentary usage.

Mrs. Archibald, the president, called the regular meeting to order and announced the first district convention to be held at the Walker Theatre Building, Los Angeles, April 28-29, and urged all who can to be present, as the election of officers will take place at that time. The paid membership has already reached 10,900 and dues are still being sent in to the financial secretary, Mrs. A. A. Barton of Glendale.

On Character Building

Mrs. Ethel B. Waring of the University of California, Southern Branch, spoke on the subject of character-building. Mrs. Lee, past vice-president of the Texas Congress of Mothers, brought greetings, and among other remarks said that "When God found He could not do everything, He made mothers."

A substantial luncheon was served by the ladies of the church, after which Miss Loose, secretary of the Y. W. C. A., opened the afternoon session with an explanation of thrift, saying that "it is the good management of the business of living—it consists of saving, spending and conservation." Many interesting budgets were presented.

He has been employed by the Santa Fe Railway Co. since June, 1917, when he graduated from the Glendale High school. During that time he has worked in many middle western towns and while traveling for the company has visited practically every city of any size this side of Chicago.

Mr. Wilson has been granted a ninety-day leave of absence and plans to spend all of the time in Glendale. He is staying at the home of his mother, Mrs. R. L. Wilson, of 527 West Oak street.

Hayward reviewed the book, "The Duchess of Wrex" (Walpole) in a very interesting and finished way, telling the complete story in her own words.

Current events were given by Mrs. F. M. Brown and Mrs. C. E. Stanley. The next meeting, which will be held April 19, will be devoted also to Mexico. Miss Jessie Brown, who has spent some time in that country, will give a paper.

ATTENDS TRACTOR SHOW HERE LAST FALL, WON BY CITY, TO SECURE HOME

E. F. Sanders, director of tractor sales for the Parrett Tractor company of Chicago, who came to Glendale last fall as an exhibitor at the National Tractor Show of the west, called at the Chamber of Commerce headquarters here yesterday and stated that as soon as he returned to Chicago he made arrangements to return to Glendale and live.

It is the prettiest place he has ever seen in twenty-five years of travel which has taken him far and wide, Secretary James M. Rhoades was told by the newcomer who with his wife

planned to attend the forum luncheon today.

For the present they are stopping in Los Angeles until they find a home here.

Among other visitors who have registered at the Chamber of Commerce this week are Mrs. L. E. Farnham of Hermosa Beach, A. J. Taylor of 430 East Lake, Los Angeles, and J. P. Ewing of Whittier. second and fourth Wednesdays of every month in the K. of P. hall. Mr. Griffin announced that plans were under way for a vaudeville to be given in a few weeks for the benefit of the organization. State Organizer Liles was present and gave an interesting talk and also invited members to be present at a dance to be given by the Los Angeles organization.

MUTUAL BENEFIT READING CIRCLE WILL HOLD BABY DAY ON APRIL 27

The Mutual Benefit Reading Circle held its regular meeting in the library on Harvard street yesterday, Mrs. A. A. Barton presiding. Mrs. Eustace B. Moore finished reading the book, "Your Boy, His Nature and Nurture." At this meeting it was voted that April 27 will be observed as the Cir-

cule Baby Day. Mrs. A. H. Brown read a report on the district meeting in Los Angeles. Mrs. R. T. Burr reported on the meeting to organize a reading circle at Puente. She stated that this makes eight circles that have been organized from the Mutual Benefit Reading Circle.

Mrs. Dennis Bennett Is Now Recovering

Mrs. Dennis Bennett, who was so painfully injured by an automobile in Los Angeles last Sunday afternoon is convalescing at her home at 940 North Louise street. As Mrs. Bennett is quite an elderly lady, however, it is not probable that she will be out walking around for two or three weeks.

When the accident occurred Sunday evening Mr. and Mrs. Bennett were just getting ready to board a street car and return to Glendale after having spent a pleasant day as guests of the members of the Boyle Heights Baptist church. As it was raining quite hard at the time Mr. Bennett, who is 86 years old, remained on the curb in temporary shelter while his wife stepped out into the street to signal to the oncoming street car. However, at the moment she raised her arm to motion to the car an automobile struck her, dragging her ten feet before it came to a standstill. At first it was thought that she was instantly killed, but luckily no bones were broken and the extent of her injuries were scalp lacerations, a badly sprained ankle, bruised right side and a general shakeup.

A passing machine picked Mrs. Bennett up and carried her to the Glendale car, the machine which had run over her having been driven away.

The Bennetts had been honorary guests at the church in Boyle Heights, which has recently been completed. After the old church burned down last year Mr. and Mrs. Bennett donated generously toward building a new house of worship.

Darnall, whose body still in contact with high tension electric wires, was found yesterday on the Winterstein ranch near Jamaica, twenty-four miles from here. PROPRIETOR OF 'DEATH FARM' GOES ON WITNESS STAND
COURT HOUSE, COVINGTON, Ga., April 7.—John S. Williams, proprietor of the Jasper county "death farm," on trial for life, took the witness stand today in his own behalf. "They told me they had found nothing wrong—that the worst thing they found was that one of the boys carried a revolver."

PREMIER LLOYD GEORGE APPEALS TO BRITISH PEOPLE
LONDON, April 7.—Premier Lloyd George today appealed to the British people to aid the government through the industrial crisis precipitated by the coal strike. "The government will use every means in its power to meet the situation," the premier declared. "It is relying on the assistance of the great mass of British people."

John Worsfield, a fifth member of the party, is held under arrest in San Bernardino, having been taken into custody by Sheriff Shea. While making a sharp turn in the highway the motor car left the road for some unaccountable reason and crashed into a telephone pole. Mosgrove was instantly killed. Both Ables and Mosgrove were ex-service men and popular in Riverside. The former was in France with the "Grizzlies," while Mosgrove saw service at the front with the Fifty-sixth coast artillery.

DIVORCE SUIT OF MILLIONAIRE STOKES IS RESUMED
NEW YORK, April 7.—After a delay of several weeks to permit the defense to obtain additional witnesses, the divorce suit of W. E. D. Stokes, millionaire hotel proprietor, was resumed here today. The recess was largely for the purpose of giving Edgar T. Wallace, California oil producer, who is named as a co-respondent in a separate suit, an opportunity to come here and refute testimony regarding his alleged relations with Mrs. Stokes. Wallace, who is expected to be the first witness for the defense, will testify that he has never seen Mrs. Stokes since her marriage and that at the time she is alleged to have been seen with him in a downtown apartment, he was in Mexico. Martin Littleton, counsel for Mrs. Stokes, said he would introduce evidence to show that Stokes, to deprive his wife of her financial rights, transferred \$10,000,000 of his estate to W. E. D. Stokes, Jr. Stokes, Jr., was one of the original seven co-respondents, but his name later was withdrawn.

CREDIT BUREAU IN GLENDALE VITAL NEED, CLAIMED

GENERAL MANAGER OF L. A. ASSOCIATION GIVES REASONS AT C. OF C. LUNCHEON

Electrifying members of the Chamber of Commerce who attended the Forum luncheon at the Masonic Temple this afternoon, E. F. Sanders, formerly sales director for the Parrett Tractor Company of Chicago, simply lifted his listeners from their chairs by the wonderful description which he gave of California and Glendale in particular.

Then, too, J. H. Van De Water, general manager of Retail Merchants' Credit Association of Los Angeles, spoke on the desirability of such an organization here, and W. Wier of Hamburger's echoed the sentiments which he expressed.

C. C. Cooper, president of the Chamber of Commerce, turned the meeting over to City Manager F. W. Watson, who introduced the various speakers, and Secretary James M. Rhoades obtained the volunteer services of Mrs. Ella W. Richardson, W. R. Rhelon, Edwin F. Kulp and Mrs. M. I. Biggs to serve as a membership committee until each has obtained five new members. They will devote two hours every other week to the work and Mr. Rhoades will furnish them with a list of prospects.

Benefits Are Outlined
In Mr. Van De Water's speech he outlined the benefits to be derived from having a credit organization modeled on the plan of the Los Angeles association, drawing the analogies that we have a police department and know what that does; we have a telephone system and know how necessary it is; we have a fire department and know what would happen to insurance rates if it was not in existence.

"It may follow," he said, "that a credit clearing house is as essential as some of these other things." Assuming that the merchants of Glendale are granting credit, Mr. Van De Water went on to state that 60 per cent of the business done in the United States today is done on a credit basis.

"The question which faces you," declared the speaker, is, "Do you want to grow? If you do not give credit Los Angeles will. Therefore you will lose that business which you could keep at home."

Power In Knowledge
"In knowledge there is power," Mr. Van De Water said, in explaining the records kept by the credit association and how it protected those in debt in an equitable and just manner, yet branded the crook so that he could not "sting" other merchants who were members of the association.

In Mr. Wier's talk which followed, he stated that Los Angeles merchants had reduced their credit losses to a nominal figure through the association and told of the careful investigations made of all subjects applying for credit on merchandise, for merchandise is money and should be handled as carefully as a bank's money.

Humorist and Orator
Mr. Sanders, who concluded the program, proved a humorist as well as an orator when he told the story of the minister who delighted in telling of his travels in Yosemite and the Grand Canyon and Yellowstone and the Killarneys, at which point an Irishman interrupted the divine to ask if he had ever gone through the delirium tremens. No, naturally, was the answer, and the Irishman said:

"Then, honored sor, you have never seen anything at all."

Spending the greater part of his life in a Pullman car, M. Sanders made emphatic his happiness in being able to finally locate here. He dwelt on the beauties of this state and this section and this city that Glendale stock rose a thousand per cent among those present, but he closed his extemporaneous address with an appeal that Glendaleans treat people as they ought to be treated and make newcomers feel at home.

D. G. Crofton moved that a committee be named to look into the proposition of forming a credit association and A. T. Cowan moved that a vote of thanks be extended Messrs. Van De Water and Wier for their talks.

'AMERICAN CLASSIC' WINS HIGH PRAISE; CHARACTERIZATION DECLARED EXCELLENT

Inspired by the paintings of Fred-
erick Remington, artist of "the great
outdoors," John P. McCarthy visual-
ized a story for the silver sheet, wrote
it, directed its production and, at the
Glendale Theatre last night, saw the
result of his work and heard the big
audience, present to witness the pre-
view, approve and applaud.

Titled "Out of the Dust," the pic-
ture deals with American army life
in a post about fifty years ago—a
post set in a drab country, where
there was little to lighten the life of
women folk, where hardships were
encountered and fights with Indians
were frequent. Also, many scenes
are of the mining camps of that per-
iod and of the life of the men and
women.

The picture has been called "an
American classic" and "a picture
with a soul." It is both. In char-
acterization, in close study of costum-
ing and its photography, "Out of the
Dust" excels, particularly in charac-
terization. Director McCarthy se-
lected his types with unusual care
and the combined presentation makes
a perfect story.

Story Perfectly Told

Dorcas Matthews, Russell Simpson,
Robert McKim and little Pat Moore,
in the leads, carry out the story per-
fectly. Pat Moore has established
himself as a prominent child actor.
His work was perfect—and he was
told so last night when he was in-
troduced to the audience at the Glen-
dale by Manager William A. Howe.

"I hope you like my work," said
little Pat, bashfully.

"We do!" came from all over the
theatre.

And then Director McCarthy was
called for. He appeared upon the
stage and said:

"I've never made a speech in my
life and I'm never going to."

Blushing, he bowed, and waved a
hand.

American and Clean

"Out of the Dust" will become one
of the most talked of pictures of the
year because it is educational, it has
characterization, it has action, it is
American, it is clean and it presents
an old, old story of men, women, lure
and love in a new way.

The inspiration Director McCarthy
received from the paintings of Fred-
erick Remington has been carried to
a successful conclusion in a master-
ly manner and Manager Howe is to
be congratulated that it fell to the
lot of the Glendale Theatre to pre-
sent the preview of "an American
classic."

Among those taking some part in
the production of the picture or hav-
ing an interest in witnessing the
first showing and in attendance at
the Glendale last night were Mitchell
Lewis, Mrs. Russell Simpson, Russell
Simpson, Landers Stevens, Myles Mc-
Carthy, Aida Woolcott, Mrs. J. P.
McCarthy, Mrs. Mitchell Tevis, Geo-
gia Woodthorpe, W. T. Wallace, John
P. McCarthy, Mrs. N. Moore, Pat
Moore, Lorimer Johnston, Caroline
Cooke Johnston, Vivian Rich, Ralph
Jessen, Hari Rechtsteiner, Arthur
Messirr, Mr. and Mrs. C. W. Dady
and Mr. and Mrs. A. T. Dobson.

one window in becoming styles for
school girls. She also spoke at
length of the wonderful work done
by Mothers' Reading Circles, and ad-
vised every district to have one or

Ready To Run, But Didn't; Why? Well, Alibi Is Good One

All were on tiptoe awaiting
the pistol shot.

Indeed, it was a tense mo-
ment as the grammar school re-
lay was starting yesterday after-
noon at the Intermediate school
grounds.

The Pacific avenue boys came
in winners and then—

One cheerful youth—all
dressed up, or is it mostly un-
dressed to run—slips up to
Coach A. T. Blanford and says:

"When do the Broadway boys
run. We're waiting over there
on the other end of the line."

"Why didn't you run when
the pistol was fired?" the coach
asked reproachfully.

"Oh, teacher didn't tell us to."

ANNIVERSARY IS OBSERVED BY NUMBER OF GUESTS; ALL DECORATIONS IN PINK

Mrs. I. J. Westphal of 342 Ivy street entertained with a party yesterday afternoon in celebration of the birthday anniversary of her daughter, Eleanore Westphal. The decorations were all in pink, including baskets of pink carnations and the favors of pink rosebud baskets. Games were played, after which refreshments were served. The guests included Doris Havermale, Gean McLaughlin, Valarie Hoops, Eleanore MacMillan, Marion Faulkner, Eleanore Westphal and her two grandmothers, Mrs. A. Dickson and Mrs. W. Westphal, and Mrs. Patterson of Los Angeles.

Passion Feature Of Palace Grand Bill

"Passion" is unquestionably one of the big photoplays of the decade, and, it is big in every conceivable way, only a few of the leading triumphs of the screen being comparable to it. Next in importance is the fact that it brings to the silent stage a remarkably brilliant star, who is new to this country, Pola Negri, a Continental actress of the rarest charm and a most pronounced ability quite all her own.

It is said she is destined to become one of America's favorites of the first rank, because she displays what America admires, namely genius of a high order. Her portrayal of the character of a little French milliner who by dint of her willful capriciousness and ingratiating manners becomes the ruler of a king, is one of the outstanding histrionic achievements in the annals of the screen. It is doubtful whether any other artist could have matched her sterling performance before the motion picture camera in this particular.

Those who witnessed her performance at the Palace Grand theatre yesterday seemed a unit in enthusing over her and it is certain that if she had been present in person she would have been vociferously acclaimed. "Passion" is a super-drama in all the term implies. It is totally devoid of the common-place and maintains a suspense and interest which frequently amounts to a veritable thrill. It can be truthfully described as stupendous.

Tomorrow "The Woman in His House" is the feature presentation at the Palace Grand.

Vernon Gets Even For First Defeat

SAN FRANCISCO, April 7.—Vernon got even with Sacramento for defeat on the opening day, but otherwise there were no new faces in the victor's column today as a result of the second day's play in the Coast league ball season.

Salt Lake and Oakland spent another day snowballing, but had hopes of getting started today.

Nine runs against none won for the Vernon Tigers playing Sacramento at the state capitol. Southern California legislators helped root the Vernonites to victory. "Slim" Love, pitcher for Vernon, let the colons down with three hits. Vernon got 17.

Los Angeles took Seattle into camp 4 to 2. Nine timely hits did the work.

Portland lost again to the Seals. Home runs made by Ellison and Caveny helped.

Duchess And Lots Of Luggage Arrives

SAN FRANCISCO, April 7.—With twenty-seven pieces of luggage, a retinue of maids and nothing to say, the Duchess of Manchester was in San Francisco today. Newspapermen, anxious to ask her if rumors of an impending divorce action against her husband, William Angus Montague, Duke of Manchester, were true, found the doors of her apartment closed to them and not a word leaked out from any source.

The duchess, who was formerly Helena Zimmerman of Cincinnati, arrived here yesterday by automobile from Paso Robles, Cal. It was understood she is planning a trip to the orient.

G. E. Wellner Sells His Barber Shop

G. E. Wellner, who has conducted a barber shop in Glendale for a generation, has sold his establishment at 121 North Glendale avenue to Ted Pederson, who has recently arrived here from Chicago. Mr. Wellner probably knows more faces than any one man in the community. He has seen people come—many more than those who go, and his recollection of the growth of the city is remarkable from the standpoint of one who has kept a shop so many years.

WHEAT PRICES WILL HOLD LEVEL, SAY GRAIN DEALERS

ACREAGE IS SLIGHTLY ABOVE NORMAL, ACCORDING TO FIGURES GATHERED

By ROBERT S. THORNBURGH
United Press Staff Correspondent

CHICAGO, April 7.—Wheat prices are expected to maintain their present level by leading grain dealers here in touch with the market conditions. Acreage is slightly above normal, according to reports from the great wheat fields of the middle and northwest.

"Prices will probably not drop appreciably," James A. Patton, "wheat king," told the United Press today. He added, however, that farmers may have some difficulty in getting \$1 a bushel for July wheat.

Patton pointed out there was heavy buying by foreign agents for July and August shipments.

"Estimates show 40,000,000 acres of winter wheat were planted, about 5,000,000 acres above the pre-war normal," said J. E. Carney, grain expert.

Spring Wheat Below Normal

"The spring wheat acreage is 15 per cent below the pre-war normal of approximately 18,000,000."

Dry weather conditions in the northwest were relieved yesterday and today by rain.

Grain men said Argentine's present shipping makes it appear the crop there was estimated high.

"Unless Argentine shipments increase," Carney said, "American producers may look for an excellent demand for wheat."

The European acreage is below pre-war normal, he said, and advances show French and Roumanian growers are apprehensive as the result of dry weather.

"The selling price of grain today, as well as that of other basic commodities, does not represent the intrinsic value," said Carney. "The demand is limited to absolute requirement."

Predicts-Bumper Winter Crop

"After readjustment of conditions prices of all commodities will seek above a pre-war level."

Some Argentine and Australian wheat is expected on the American market soon.

B. W. Snow, a leading wheat authority, after a tour of the middle and northwest, predicted a bumper winter wheat crop. He said it is too early to talk about spring wheat.

"The crop will be over 630,000,000 bushels, compared with a normal yield of 55,000,000 bushels," Snow said.

The total crop last year was 787,000,000 bushels. Grain dealers say the corn crop will fall slightly below normal. The planting season for oats is under way. High freight rates will probably counter the crop in some sections valueless, experts said.

Auto Constantly Growing In Safety

Automobile use is growing constantly safer. Official figures show a steady decline in the ratio of fatalities to the number of cars in operation. Automobile deaths per car were .0025 in 1914, and have been reduced to .0013 in 1919. Figures for the year 1920 in Detroit and New York city show that the former city registered one less fatality due to automobiles than in 1919, and New York's

toll was twenty-one less than the 1919 mark.

"The reduction of 50 per cent in five years in the ratio of fatalities to the number of cars shows that the public is quickly adapting itself to the problems of congestion, and continued progress in motor safety is confidently looked for."

More playgrounds, more safety education in the schools, uniform traffic rules, and regulations against overloading are among the measures which the National Automobile Chamber of Commerce will advocate with increased vigor during the coming year.

TRANSMISSION SILENCER

To silence a noisy transmission try mixing flaxseed meal with the lubricant. This is recommended only as a temporary expedient, as a noisy transmission means generally breakdown of the gears or misalignment that calls for a major operation to effect a real cure.

CHILDREN OF DORAN SCHOOL PRESENT GOOD PROGRAM

DRILL WORK, SONGS AND OTHER
FEATURES ARE ENJOYED BY
MEMBERS OF P. T. A.

The Doran Street Parent-Teacher
association, of which Mrs. P. Diederich
is president, met at the school
yesterday afternoon.

The children of the various rooms
gave some of their drill work, songs
and recitations, after which the regu-
lar business meeting was held.

At this time a committee was ap-
pointed to nominate officers for the
ensuing year. This committee con-
sists of Miss Lois G. Hatch, chair-
man; Mrs. C. E. Ringquest, Mrs. Ed-
wards, Miss Collins and Mrs. Van de
Water.

Delegates for the State Parent-
Teacher Association convention to be
held in the Walker Auditorium on
Grand avenue, Los Angeles, April 28
and 29 were appointed, and include
Mrs. H. F. Speck, Mrs. Louis Rich-
ardson, Mrs. C. E. Ringquest and
Mrs. Clark Johnson.

The Stealers Comes To Glendale Theatre

"The Stealers," William Christy
Cabanne's powerful human docu-
ment, a Robertson-Cole super-special,
will be the attraction at the Glendale
theatre, beginning today, for a run of
three days. The picture, which has
created a sensation wherever it has
been shown, is said to mark a new
milestone in motion picture history.

Mr. Cabanne, former assistant of
David Wark Griffith, conceived,
wrote, directed and produced "The
Stealers." The work is the culmination
of Mr. Cabanne's years of experi-
ence in the art of the silent drama.
It was this experience which prompted
Mr. Cabanne to make the central
theme of his masterful picture faith,
blind faith in the certainty that right
always triumphs over the forces of
evil, and that the justice meted out
by the Supreme Power is felt on
earth without waiting for the judg-
ments of that other world of which
Christianity preaches.

All of the ministers in Glendale
have been invited to be the guests of
Manager W. A. Howe at the theatre
today. Two of the latest news reels
and a travel scenic round out the
powerful program while Madame
Clement will play "My Little House
on the Hill" as the special organ
number.

Unjust Criticism And City Officials

Coming from New York City, a
large envelope bearing a letter to
Hartley Shaw, as former president
of the Board of City Trustees, con-
tains this in red:

"There is too much thoughtless
criticism of city officials.
"Just grant that every city official
is doing the best he can to direct the
affairs of the city in the best inter-
ests of everyone. Whatever you may
think of his ability, respect his sin-
cerity. Go together with the
officials on all matters. Advise
with them; work with them; give
them your heartiest support and co-
operation at all times. Then see the
results. There would be no stop-
ping the rapid growth and advance-
ment of the community.

"Destructive criticism works a
three-fold injury. It harms the official
by creating in the minds of the un-
thinking the suspicion that his in-
tentions are not sincere. It harms
the city because it places tremendous
difficulties in the way of the official
who are trying to better and im-
prove conditions.

"There is too much thoughtless
criticism of city officials."
City employees commented upon the
"editorial" and it was agreed that
if the public would take a deeper in-
terest in civic affairs and learn more
about conditions before trying to
criticise, better results would be ob-
tained.

Counting Sparrows Issue In Divorce

OAKLAND, April 7.—Although
the momentous question of how many
sparrows occupied a Piedmont tele-
graph wire while Miss Frances Allen
Brown was giving a party, must go
unsettled, the divorce suit of Mrs.
Florence Sharon Brown against Her-
bert Brown, a wealthy insurance
broker, continued merrily on its way
today.

The sparrows became an issue
when Miss Brown, step-daughter of
the defendant, testified yesterday.

She said her step-father came
home intoxicated and stood in the
center of a group of her guests
counting sparrows. He had to give
up without determining whether
there were five or three dozen birds.
"Drunkness is a beastly habit,"
Miss Brown said she once told her
step-father. "It should not be tol-
erated in a home. Of course, it is
all right for a man to drink if he
cares to, but as for bringing it into
the home where it affects others—
impossible." Miss Brown is 19 year
old.

PRESIDENT HARDING AND LINEBERGER IN CONFERENCE

TARIFF ON LEMONS IS UNDER DISCUSSION; PROTECTIVE DUTY BEING SOUGHT

The lemon tariff situation was discussed from every standpoint by President Harding and Walter Lineberger, congressman from southern California, at the White House in Washington yesterday. The fact that they were in conference was told in The Evening News last night.

According to dispatches received from Washington, Congressman Lineberger, at the conclusion of his interview with the president, announced that he would ask the Ways and Means committee for a duty in the permanent tariff bill on fresh lemons of 3 cents per pound. A duty sufficient to protect the by-products of lemons—citrate of lime, citric acid and lemon oil—will be arranged to conform with the tariff granted on the fruit.

Just what the duty on these products will be is not available until after the committee has examined all the facts, but there will be a differential, as practically all freight charges on the by-products is eliminated when the lemons are converted into the various lemon products.

Harding is favorable. Congressman Lineberger presented Congressman Swing of Imperial valley, who had never met the president, and the congressman from the eleventh district will support whatever program Congressman Lineberger decides upon.

President Harding was pleased that the matter was presented to him and said that it exemplified what he desired in the way of co-operation between the executive and legislative branches of the government.

Both congressmen are of the impression that the president would view with favor a lemon tariff which would permit the growers to continue in business and receive some compensation for the labor and capital invested in this great industry.

Making Friendships

Congressman Lineberger has been able to establish friendships with members of the Ways and Means committee to a degree not heretofore possible, and has a sympathetic attitude established in the committee for adequate protection to the industry as a whole. In the final analysis he will be guided by the president's suggestion and will only ask of the committee tariff protection on all lemon products which can be justified by the facts and which will put the industry on a healthy basis without provoking the use of chemical and other substitutes.

President Harding was much interested in the walking stick which Congressman Lineberger carried with him when he went to the White House. It contains some of the shrapnel which missed the major when he was wounded in the Argonne. It had been a trench stick and received part of the missile that struck the present congressman. President Harding examined it carefully and called Secretary Christian in to see the unusual war trophy with its scars of the German trench attack.

Night Class In Wood Work Starts

There is being formed a night class in wood-working and carpentry at Room 224, Mechanical Arts building, Glendale Union High school. The rooms are given free by the board, but owing to the great increase of pupils attending the day school there have been no funds to start a night school.

A number of men have clubbed together and obtained the services of Walter Gorman, who holds a state certificate for the work. The class will be conducted so as to reach the individual needs of each one. They meet Friday night from 7 to 9. Probably a class will be formed to meet on Saturday afternoon for a couple of hours in the wood-working shop.

Some thirty people have signed for the class, but quite a number more can be accommodated by assuming their individual responsibility.

Southern California

Denies Confession

Deputy Sheriff Walter Lips, accused of accepting a bribe from Joe Furry, who was arrested here on a bunko charge, denies that he confessed to District Attorney Woolwine. All of which makes the case more interesting as the prisoner says that it is the policy of the district attorney, "Where you can't convict a man, mess him up so he will not be able to walk the streets of Los Angeles."

Now They've Met

"Bill" Hart and Mary Garden met yesterday in Los Angeles. Seems as though "Bill" likes to hear Mary's voice on the phonograph and Mary likes to see "Bill" in the movies and now they've at last come to know each other in person.

Honor Hero Dead

Flanders poppies were planted in a memorial garden in Exposition park in Los Angeles yesterday for the 500 hero dead of the city. Veterans, clubwomen and clergymen mingled in the throng paying tribute to those who lie in Flanders fields and many a smothered sob was heard as the long roll was called—and not a voice to answer.

Artists to Attend

Numerous Glendale artists will attend the Applied Arts show at the University of California, southern branch, Friday and Saturday. The exhibit also will be open Sunday evening. A conference in connection with the show has been called by the State Board of Education.

Pasadena Election

Pasadena today is voting for seven men who will compose the first municipal board of directors under the new city manager form of government recently adopted by the Crown City. There are thirteen candidates for the directorate. The campaign has been devoid of excitement except for barrels of newspaper publicity.

Venerable Monarch Of Forest Is Down

STOCKTON, April 7.—Another of the venerable monarchs amongst the big trees in the Calaveras world-famous grove of arbor giants has been laid low, according to word brought here this week by Edgar Whiteside, who has recently returned from a trip to the grove, where he has been making plans to open up the hotel this summer. This time the winds of the winter have humbled Lafayette, the tallest giant in the grove.

"The Lafayette measured thirty feet Father of the Forest and was estimated to be over 300 feet in height," said Whiteside. The Father of the Forest is already down. Its trunk measured on the ground 450 feet from root to tip. That was the tallest Sequoia of which we have any record, he said.

"The Lafayette measured thirty feet in diameter at its base. We don't know when it went down but think it must have fallen during the middle of February. Frank McCaslin, who works for the forest service in summer and as keeper of the hotel in winter, said he was startled one night in February by what he believed to be an earthquake. However, he heard nothing in reports of an earthquake. The shock that shook the hotel building must have been caused by the falling giant.
